

ABSTRACT

Ly Aina Rahmadani (403 2191006), 2023 "IMPROVING STUDENTS' ENGLISH SPEAKING SKILLS THROUGH ENGLISH SONGS AT THE SECOND GRADE OF SDIT RUHAMA".

This research aims to investigate whether to improve English speaking skills through English songs. This research was conducted in the second grade of SDIT Ruhama students. This study uses simple songs about "shape" material in learning. This research method uses a qualitative descriptive approach involving 1 teacher while the research object was the introduction of singing English songs for elementary school children at SDIT Ruhama Depok.

Data was collected through observation, interviews, and documentation. The results of the study show that English speaking skills through English songs are as follows: (1) Determining the appropriate song with the theme, (2) Using a song tone that is easily understood by the audience students, (3) Introducing songs to students, (4) Singing along with the appropriate gestures. This research illustrates the four ways in the application of English songs. Based on the results of the study, it can be concluded that improving English speaking skills through English songs at second grade SDIT Ruhama improves the teacher's ability to teach.

Keyword: English songs, Speaking Skills.
