Title : *TECHNICAL ANALYSIS AS A BASIS FOR THE MOVEMENT OF PT BANK JAGO TBK SHARE USING THE MOVING AVERAGE CONVERGENCE DIVERGENCE (MACD) AND RELATIVE STRENGTH INDEX (RSI) INDICATORS FOR THE PERIOD OF 2023*

ABSTRACT

This research uses the moving average convergence divergence and stochastic oscillator to determine the buying and selling prices of PT. JASA MARGA TBK for the January-December 2023 period.

This research is qualitative research. The data used in this study is secondary data. The population of this study is at PT. JASA MARGA TBK for the January-December 2023 period, by taking a sample of the share price from PT. JASA MARGA TBK for the January-December 2023 period. Sample withdrawal was carried out by a purposive sampling technique. The location of the research at PT. JASA MARGA TBK, which is listed on the Indonesia Stock Exchange, uses technical analysis with 2 indicators, namely Moving Average Convergence Divergence and Stochastic Oscillator.

The results of the study using the Moving Average Convergence Divergence indicator have a total of 7 (seven) signals with an accuracy of 71% and produce a total Capital Gain of 640 with a percentage of 18.23%. In comparison, the Stochastic Oscillator indicator has 8 (eight) signals with an accuracy of 100% and produce a total Capital Gain of 2790 with a percentage of 75.08%.
