ABSTRACT

IIN, 2022. IMPROVING VOCABULARY THROUGH DUOLINGO APPLICATION FOR 10 GRADE STUDENT AT TELADAN 1 JAKARTA SENIOR HIGH SCHOOL. This research aims to find out whether using the Duolingo application can improve students' foreign language skills, especially English. This research uses the Duolingo application to increase English vocabulary. Data collection was carried out through observation, interviews and documentation. The research results show that increasing vocabulary through the Duolingo application really helps students add new vocabulary, as follows:

- 1) .listen to the vocabulary spoken by the application
- 2) Note down and translate the meaning
- 3) Practice how to pronounce it
- 4) Practice and write in sentence form

Based on the research results, it can be concluded that improve your English vocabulary through the Duolingo application carried out on tenth grade students at Exemplary High School 1 Jakarta, this application helps teachers to direct students to acquire new vocabulary to improve their english.
